una storia italiana

Qualità, artigianalità, italianità: 1961 anno di nascita di Bellosta Rubinetterie, fondata da Carlo e Carla Bellosta, oggi sotto la sapiente guida dei figli Maurizio e Gabriele. La passione artigiana, la cura del dettaglio che solo la produzione diretta può garantire, e lo studio delle nuove tendenze nel design e nella moda, sono i punti focali di una progettazione attenta alle esigenze sia dell'utente finale sia del professionista. L'azienda rispetta da sempre gli standard qualitativi di produzione della normativa ISO 9001, certificati dall'Ente svizzero SQS; si distingue anche per l'attenzione nella scelta delle materie prime di alta qualità che adopera (ottone CW617N e acciaio AISI 316L) e nei processi produttivi caratterizzati dalle tecnologie più avanzate a ridotto impatto ambientale.

an italian history

Quality, artigianality, italian made: 1961 year of birth of Bellosta Rubinetterie, founded by Carlo and Carla Bellosta, today under the wise guidance of their sons Maurizio and Gabriele. The artisan passion, the attention to detail that only direct production can guarantee, and the study of new trends in design and fashion, are the focal points of a project way that pay attention to the needs both to the end user and both of the professional. The company has always respected the production quality standards of ISO 9001, certified by the Swiss SQS; it also stands out for its attention in the selection of high quality raw materials that it uses (CW617N brass and AISI 316L steel) and in the production processes characterized by the most advanced technologies with reduced environmental impact.

manifattura completamente italiana

atelier

atelier Milano e Roma

Con il progetto *atelier*, Bellosta Rubinetterie aderisce alla tendenza dei vip apartments: luoghi di grande fascino, estremamente ricercati nella progettazione e nella cura del dettaglio, nei quali incontrare in un ambiente intimo e riservato i propri ospiti. A Milano il progetto atelier in via Montenapoleone 22 è stato curato dall'architetto Silvia Teruggi, all'interno dell'ex convitto monastico della chiesa di San Francesco di Paola. L'atelier di Roma in via Gregoriana 23 è stato curato dallo studio BC Architetti Associati; un luogo inedito, una casetta vagamente aulica posta su una terrazza, una sorpresa dietro le mura a Trinità dei Monti, come solo Roma sa svelare.

Milan and Rome atelier

With the *atelier* project, Bellosta Rubinetterie adheres to the trend of vip apartments: places of great charm, extremely sought for design and detailing, in which to meet their guests in an intimate and reserved environment. In Milan, the atelier project located in Via Montenapoleone 22 was curated by the architect Silvia Teruggi, inside the former monastic convent of the church of San Francesco di Paola. The Rome atelier located in via Gregoriana 23 was curated by the architect BC Architetti Associati; an unpublished place, a sort of noble house placed on a terrace, a surprise behind the walls at Trinità dei Monti, as only Rome could reveal.

Da diversi anni Bellosta Rubinetterie promuove iniziative sociali e culturali per la valorizzazione del territorio e del patrimonio artistico ed architettonico italiano. Dal 2015 ha ottenuto il patrocinio dal Comune di Milano. Nel 2017, con il progetto "Bellosta e Milano, il bello che dura nel tempo", in collaborazione con l'accademia di Brera, ha conseguito il prestigioso encomio "Corporate Art Awards" per la ricerca e promozione di nuovi talenti artistici. Altre partnership importanti: con l'associazione Vidas presieduta da Ferruccio De Bortoli, con il Politecnico di Milano (prof. Alessandro Colombo) e, nel 2020, con il FAI - Fondo Ambiente Italiano.

For several years, Bellosta Rubinetterie promote social and cultural initiatives to enhance the territory and the Italian artistic and architectural heritage. Since 2015 he has obtained the patronage from the Municipality of Milan. In 2017, with the project "Bellosta and Milan, the beauty that lasts over time", in collaboration with the Brera Academy, he achieved the prestigious encomium "Corporate Art Awards" for the research and promotion of new artistic talents. Other important partnerships: with the Vidas association chaired by Ferruccio De Bortoli, the Milan Polytechnic (prof. Alessandro Colombo) and, in 2020, with FAI - International Environment Foundation.

progetto su misura

prodotto

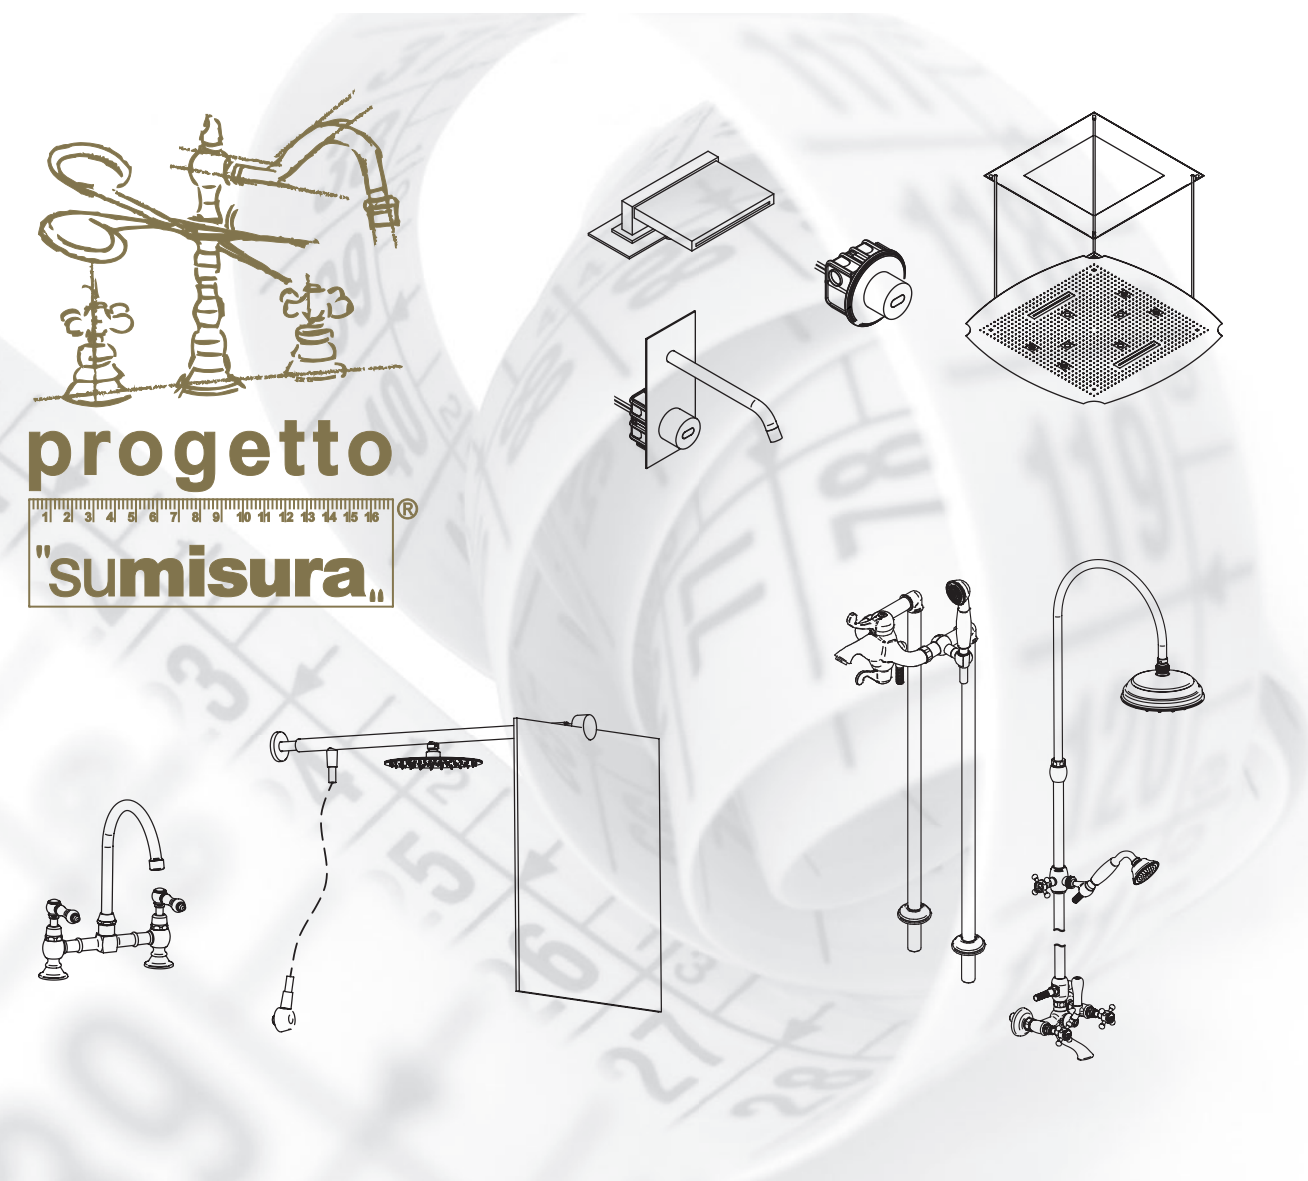

Ad architetti e progettisti si vuole offrire l'opportunità di un servizio esclusivo, PROGETTO SU MISURA, personalizzando gli elementi in funzione di specifiche richieste estetiche o problematiche legate a vincoli progettuali. Oltre trenta linee, sviluppate su scala industriale si prestano ad essere modificate nelle dimensioni, nei componenti e nelle finiture per diventare la soluzione ideale in tutte le situazioni in cui è necessario uscire dagli standard.

Per informazioni e richieste PROGETTI SU MISURA: ufficiotecnico3@bellostarubinetterie.com

product

To any architects or designers we would offer an exclusive service, the PROGETTO SU MISURA, by customizing the elements in relationship at specific aesthetic request or about projection duty. The size, components and finishings of over thirty industrial scale lines can be modified to perfectly fit all those situations that demand non-standard solutions.

For informations and PROJECTS "SU MISURA" requests:
ufficiotecnico3@bellostarubinetterie.com

customizing project

colore

Il servizio PROGETTO SU MISURA non si limita alla personalizzazione a 360° delle componenti dimensionali del prodotto. La cura del dettaglio nell'ambiente bagno è importante: la scelta della finitura a volte ricade sul cromato perchè è difficile trovare nei complementi di arredo la stessa tonalità.

Grazie a SU MISURA COLORS è possibile ottenere lo stesso colore sia sugli articoli presenti a listino sia sui componenti non prodotti da Bellosta Rubinetterie: maniglie, cerniere wc, piedini vasca, applique, profili doccia sono solo alcuni degli elementi realizzabili nella finitura scelta.

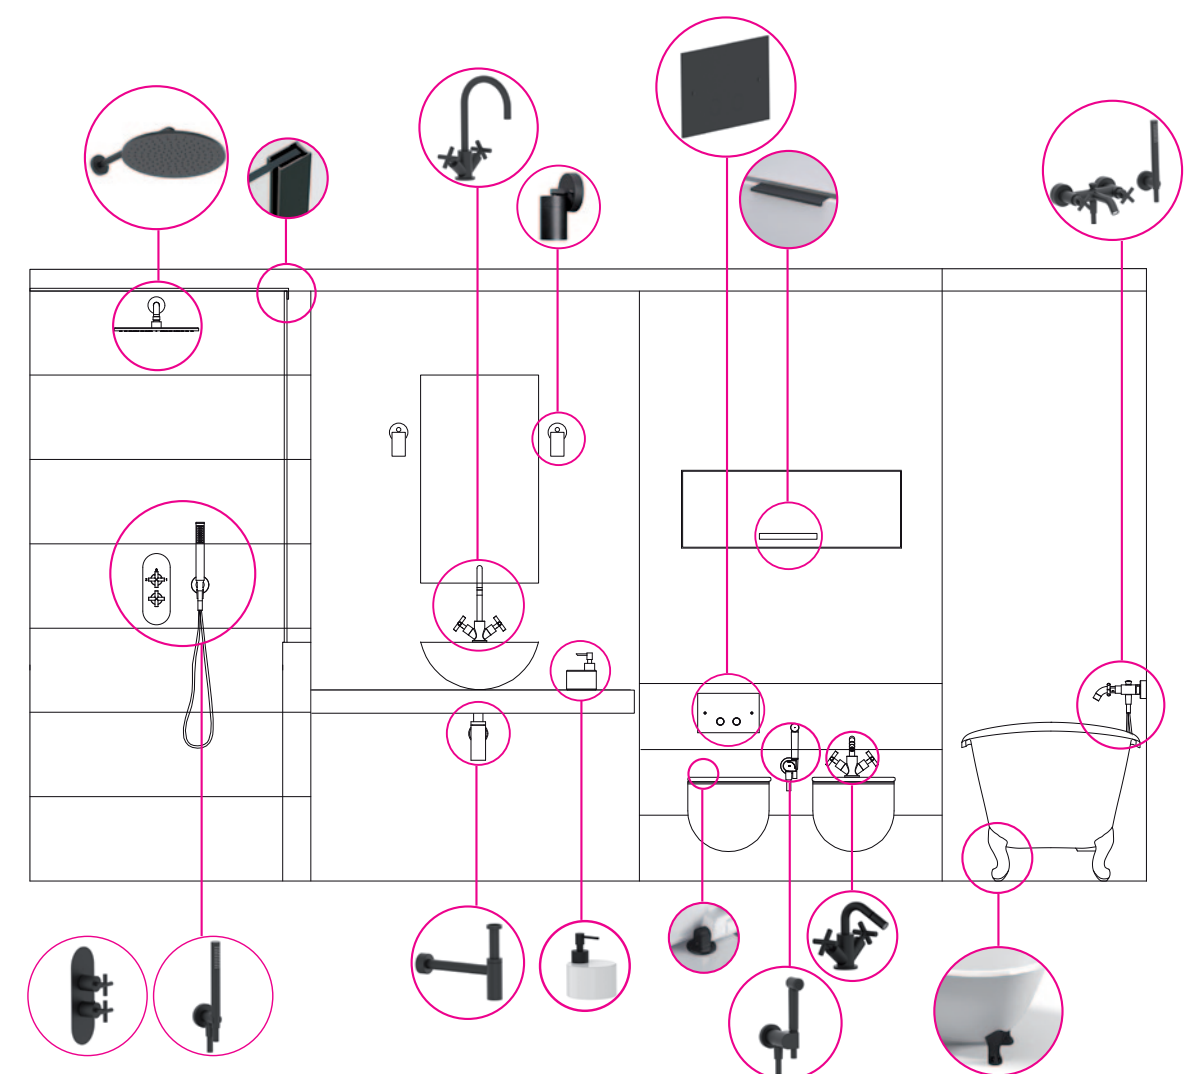

E' possibile inviare all'ufficio tecnico i complementi che si desidera ritrattare, per poterne valutare la fattibilità.

color

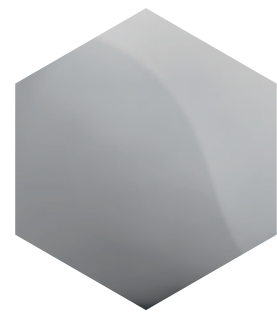

The PROGETTO SU MISURA service is not limited to the 360° customization of the dimensional components of the product. The care of detail in the bathroom environment is important: the choice of finish sometimes point on the chrome because it is difficult to find the same tonality in the furnishing complements.

Thanks to SU MISURA COLORS, it is possible to obtain the same color on both the faucet collection and the components not produced by Bellosta Rubinetterie: handles, hinges, bathtub legs, applique, shower profiles are just some of the elements that the company can turn into the finishing choice.

It is possible to send to the technical office the complements that you would like to retract, in order to evaluate the feasibility.
